

TOP-UP PROGRAMME

For **March & April 2020**, Amway is increasing the **auto top up limit to 10%**.

The **Top-Up Programme** was introduced to assist existing Silver Producers and above, who have a minimal deficit of less than 5% in his/her PV towards:

- 21% Performance Bonus
- Silver Producer qualifying month(s)
- Sapphire qualification
- Ruby Bonus

Top-Up is automated by the system to ensure that ABOs do not miss out on the above awards and rewards.

IMPORTANT NOTES

Top-Up Programme is NOT applicable to:

- 1st month Silver Producer qualification, as the ABO has not achieved Silver Producer status yet
- In-between 21-percenter, i.e. the upline sponsor (who is not a Silver Producer) of a 21% ABO.

After the top-up, the same amount as the top-up volume will be reflected as a deficit in the ABO's account the following month where the ABO can do the catch up.
