## Latest Product Label Updates

Our Nutralite story is growing. Simply and authentically.

As the brand continues to support you with natural, plant-based ingredients and products, the Nutralite logo and product labels will be refreshed to a modern and clean look, evoking the simple, healthy ingredients in our product.

All product formulation remains the same, ensuring that you can always achieve overall wellness in every stage of life.

As we are sharing labels with multiple countries, products with new labels may be observed at different times.

Nutralite products in existing labels will continue to be available for sale until stocks deplete and we will transit to the new label subsequently. The product image with new labels on Amway.sg website will take some time to be fully transitioned.
