Growing of Nutralite Brand Story Along with Product Label Update

Existing

New

Our Nutralite story is growing. Simply and authentically.

As the brand continues to support you with natural, plant-based ingredients and products, the Nutralite logo and product labels will be refreshed to a modern and clean look, evoking the simple, healthy ingredients in our product.

All product formulation remains the same, ensuring that you can always achieve overall wellness in every stage of life.

As we are sharing labels with multiple countries, products with new labels may be observed at different times.

Nutralite products in existing labels will continue to be available for sale until stocks deplete and we will transit to the new label subsequently. The product image with new labels on Amway.sg website will take some time to be fully transitioned.

Homecare Discontinuance items

In order to create an environment that allows ABOs to focus on health and wellness solutions, our home care portfolio will be streamlined, focusing on key products. We are suggesting a portfolio with sustainable products under an efficient supply chain model, keeping our mission to help ABOs keep their home a happy and healthy place.

To make it happen, we are taking the three steps below:

- We are focusing on our 3 legacy products: Laundry, Surface, and Dish plus Pursue products which play an important role in hygiene and sanitation.
- We will optimize our supply chains by transitioning key products to regional production to provide better service to the markets and ABOs.
- We will continue to pursue sustainability with products that own Safer choice and Bioquest formula.
